

JIU Performs the Completion Ceremony of Josai I-House (Togane Global Village) and  
the Prince Takamado Memorial Gallery Opening Ceremony

Josai I-House (Togane Global Village)

International students celebrating the completion of the dormitory

The dormitory is designed to foster interactions among the students

Prince Takamado Memorial Gallery

Founder's Gallery located in Mizuta Memorial Hall

On January 27, JIU held a ceremony upon completion of Josai I-House (Togane Global Village) and the opening of the Prince Takamado Memorial Gallery. The Josai I-House at the Togane Campus was established in the Prince Takamado Memorial Sports Park as part of the 50th anniversary of Josai Educational Corporation.

The dormitory has a capacity of 132 residents, available for both international and Japanese students. This project aims at developing human resources with a global vision. The students gathered from around the world exchange different ideas and values.

The Prince Takamado Memorial Gallery displays memorable tokens associated with the 2002 FIFA World Cup. It is open to the public to commemorate Prince Takamado who promoted the importance of friendship and exchange among people from all over the world.

On September 1, 2015, Josai I-House (Awa Global Village) was established at the Awa Campus (Faculty of Tourism) to promote the development of global human capital.
